Italian family driven company

40 anni possono sembrare tanti o pochi: sembreranno sicuramente tanti a Giulio e Laura, ultimi della famiglia Giberti ad essere approdati in **Giblor's** e poco più che ventenni. Sono pochi forse per Roberto e Loris, che hanno visto nascere l'azienda e insieme la guidano da prima che l'ultima generazione vedesse la luce.

Un'impresa familiare è per natura diversa: entusiasmo, creatività e passione guidano le scelte di chi è al vertice dell'azienda, e la cura per il prodotto, così come quella per i clienti, sono una priorità assoluta.

A Carpi, in un distretto famoso in tutto il mondo per il suo forte legame con il mondo della moda e dello stile Made in Italy, la famiglia Giberti ha costruito su questi valori un'importante realtà manifatturiera dalla forte matrice artigiana, creando collezioni con una forte componente fashion.

Forte di questa identità, **Giblor's** oggi è uno dei principali leader del mercato, e progetta e produce abbigliamento professionale di alta qualità, che rappresenta il meglio dello stile e della tradizione sartoriale italiana.

*40 years may seem many or few: they will certainly seem so many to Giulio and Laura, the last of the Giberti family to have landed in **Giblor's** and just over twenty. They are few perhaps for Roberto and Loris, who have seen the company born and together they drive it since before the last generation saw the light.*

A family business is different in nature: enthusiasm, creativity and passion guide the choices of those who are at the top of the company, and the care for the product, as well as that for customers, are a top priority.

In Carpi, in a district famous all over the world for its strong link with the world of fashion and Made in Italy style, the Giberti family has built on these values an important manufacturing reality with a strong artisan matrix, creating collections with a strong fashion component.

*Strong of this identity, **Giblor's** today is one of the main market leaders, and designs and produces high quality professional clothing, which represents the best of Italian style and tailoring tradition.*

A MATTER OF STYLE

Total look

Ideare e realizzare una collezione di successo è tutt'altro che semplice, e in Giblor's lo sappiamo bene: la creatività degli stilisti incontra le tendenze più interessanti del momento e, grazie all'esperienza delle tante figure che progettano e realizzano i prototipi, crea nuove soluzioni in grado di soddisfare sia il gusto personale che le esigenze di chi indosserà i capi durante il lavoro.

Solo chi, come Giblor's, ha un proprio ufficio stile e una produzione interna, è in grado quindi di offrire ai propri clienti un assortimento di capi completo ed esclusivo, che si rinnova ogni anno.

Un vero total look dal design italiano, fatto di dettagli e di qualità nelle finiture, che distingue chi lo sceglie fin dal primo sguardo.

Designing and creating a successful collection is far from simple, and in Giblor's we know it well: the creativity of the designers meets the most interesting trends of the moment and, thanks to the experience of the many figures who design and make prototypes, create new solutions able to satisfy both the personal taste and the needs of who will wear the garments during work.

Only those, like Giblor's, have their own style office and an in-house production, and are therefore able to offer their customers an assortment of complete and exclusive garments, which is renewed every year.

A true total look with Italian design, made of details and quality finishes, which distinguishes who chooses from the first glance.

La speciale fibra, di origine botanica: viene estratta da legno proveniente da piantagioni forestali sostenibili, utilizzando un solvente riciclato quasi al 100%.

Grazie ai microscopici canali tra le singole fibre, **TENCEL® assorbe fino al 50% di umidità in più rispetto al cotone**, riducendo drasticamente la formazione di batteri. Lasciando la pelle piacevolmente asciutta e mantenendo il suo naturale equilibrio, questa fibra evita lo sviluppo di irritazioni.

I tessuti contenenti la fibra **TENCEL®**, sono caratterizzati da un'altissima stabilità dimensionale, si dimostrano **eccezionalmente forti e resistenti all'usura**, e i capi possono essere lavati molte volte, mantenendo inalterati forma e colore e risultano particolarmente facili da stirare, sono inoltre adatti ai lavaggi industriali. Grazie all'insieme di queste eccellenti caratteristiche, **TENCEL®** può essere considerata la fibra del futuro.

*The special fiber that is of botanic origin and based on wood from sustainable forests and plantation where the solvent used is recycled by almost 100%. Thanks to microscopic channels between the individual fibrils, **TENCEL®** absorbs the moisture in a controlled and regular manner and compared to cotton a **50% improvement in moisture management is measured.***

*With **TENCEL®** the formation of bacteria is reduced: moisture is immediately transported into the inside of the fiber and then released to the outside leaving the skin pleasantly dry. These features help the skin to maintain its natural balance and thanks to the smooth surface of the fiber, the development of skin irritations is avoided.*

*Fabrics made of **TENCEL®** are characterized by very high dimensional stability, are **exceptionally strong and resistant to wear** and the garments can be washed many times, maintaining their shape and colours and being particularly easy to iron and are suitable for industrial laundry. Thanks to this excellent features, **TENCEL®** can be considered as the fiber of the future.*

TENCEL® È UNA FIBRA INNOVATIVA DALLE INCREDIBILI PROPRIETÀ CHE ASSICURA PRESTAZIONI ECCELLENTI PER TUTTO IL GIORNO.

TENCEL® IS AN INNOVATIVE FIBER, WITH INCREDIBLE PROPERTIES THAT ASSURE EXCELLENT PERFORMANCE THROUGHOUT THE DAY.
